Settimo Cielo is a chic and delicious restaurant located in the bustling Seminyak area. We loved their sophisticated take on Italian cuisine all created with great attention to detail and using high quality ingredients. The menu is full of line caught fish, handmade pastas, and organic ingredients making it both a mouthwatering and fresh meal. Favourite dishes of the night included the flavourful Angus Carpaccio, indulgently creamy Burrata, fragrant handmade Egg & Ricotta Ravioli, decadent and juicy Osso Buco, and the rich and crispy Porchetta. We couldn't resist completing our meal with the light and deliciously sweet Salted Caramel Semifreddo, perfect for a balmy summer night. Make sure to check out their extensive wine list including great options to pair with your Italian fare. <http://www.settimociobali.com/>
