5 Great Reasons to Stay at The Layar

JUL 18, 2018

It may seem hard to believe but not everyone comes to Bali for the sun-filled days, culture, adventure, wining and dining, shopping or endless spa treatments. Located in the middle of vibrant Seminyak, The Layar's designer villas were created to meet the needs of a host of travellers, each with their own personal agendas. With unique pitched roofs, landscaped gardens, and a host of Italian-inspired features, these villas are equipped with everything the urban traveller could wish for. Photography by David Burden.

Life is better with your own private pool

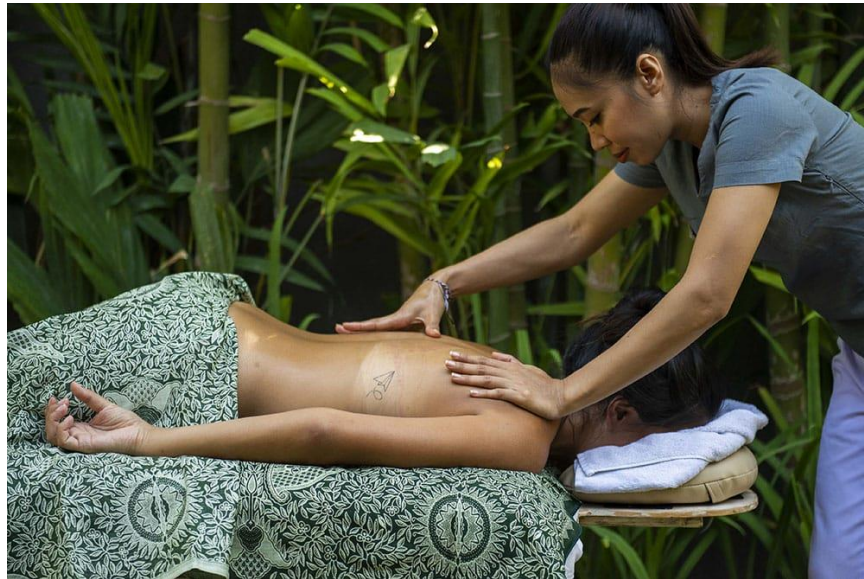

The Solo Traveller.

You know the feeling: life has just got you all wound up and you need a break. All you yearn for are long, quiet days doing exactly what you want. A place where you can close the door on the noise, turn off the phone and do the things that make you happy.

Enjoy the quiet and get some me time curled up on the overside sofas

The one-bedroom villas at [The Layar](#) are the perfect choice for solo travellers. Everything necessary is at the end of the phone. Hungry? Food arrives at your door mere moments from having the thought. If you fancy a quiet corner to enjoy some me-time, this is the perfect choice and of course you have a huge selection of distractions within walking distance.

Nothing spells Bali holiday like an in-villa massage

With a private pool set in the landscaped garden, a comfortable lounge to curl up on with a book and an elegant bedroom complete with a designer bathroom, this is all you need to restore peace within.

The Business Traveller.

As much as we like to think of Bali as a free for all holiday destination, some of us need to work and you may be surprised by the amount of people who come to Bali for business. Unless you are one of us.

Not just another day at the office

With super-efficient wifi, parking on the premises, coffee, tea and meals on call and space to meet, greet and plan, the Layar, strategically located in central Seminyak, makes perfect sense. And when work is over, call up cocktails and chill out before heading out on the town. Strike the perfect work/play balance, The Layar is made for you.

Feed the soul and the appetite with room service from Settimo Cielo.

The Honeymooners.

Love is in the air, the villas at The Layar are made for romance.

Got romance on your mind? The Layar delivers with hearts and flowers. Romantic dinners don't get much better than the stylish [Settimo Cielo](#) at the front of the resort. Flower-laden baths are a must for romance while couples massages are the perfect way to spend time together.

Room service breakfast is a feature guests rave about at the Layar.

Where the pampering ends, your own villa is a private sanctuary with a private pool, a romantic terrace, a luxe living room and an elegant master suite where the lights are low and the entertainment system plays your tune.

The Celebration Traveller.

Got a crew and you're ready to celebrate? Seminyak is the place to be and The Layar is at the heart of the action. The three bedroom villas are spacious and made for hanging out

The Family Traveller.

Need a great holiday with the family, the Layar has the perfect plan. Two and three-bedroom villas have loads of space, in-villa kitchens, room service and lavish breakfasts, catered lunches and fabulous Italian-style dinners at Settimo Cielo, the resort's very own restaurant.
